### **Extracurricular Activities**

- Fox Force member (2014, 2015, and 2017): An aerospatiale team conformed by a group of students from different majors; with the goal to build an airplane from scratch to compete in the SAE Aerodesign West Competition each year
- RECICALI leader 2016-2: RECICALI is a group of students from CETYS University that tackle every kind of ecological concern in Mexicali
- Programming club Omega Leader (2015, 2016): This Club was driven purely by the love for software and programming that students at our school had. Some activities that we did were workshops, lectures, tutorials, and some coding competitions (Google's Code jam style)
- 'Latin American Triple-A Journals' Article in Sage: I helped Dr. Juan D Machin-Mastromatteo with the processed information for the article using python

### **Seminaries**

- Microsoft 2015 event: developed windows phone apps and web pages with Azure infrastructure
- Engineering Symposium Trascendencias 2013, concluding the workshop "Ingeniería Inversa" (Reverse Engineering)
- Google Day (2013) at CETYS Universidad
- Excel, PowerPoint, and Word 2010 certifications

### **Languages**

- Spanish 100%
- English 90%

### **Programming Languages**

- |         |              |
|---------|--------------|
| • Java  | • Javascript |
| • C/C++ | • Haxe       |
| • C#    | • Prolog     |
| • Ruby  | • Python     |

### **Tools**

- |                                |  |
|--------------------------------|--|
| • Eclipse                      | • MatLab   |
| • NetBeans                     | • Git  |
| • Visual Studio                | • HTML/CSS   |
| • Android Studio               | • Microsoft Office (Outlook, Excel, Word, Powerpoint). |
| • SQL Server Management Studio |  |

### **FrameWorks**

- |                 |               |
|-----------------|---------------|
| • Rails (Ruby)  | • Bootstrap   |
| • Django        | • D3.js       |
| • Angular 1.4.5 | • Appjar.info |
| • Asp.Net       |               |

### **Platforms (Operating Systems)**

- Windows xp/7/8/8.1/10
- Linux Kernel > 2.4
- Android > 3.0
